

Catalina Island Adventure

**2 Days and 1 Night
in Southern California's island paradise!**

Set your watch for island time and sail away to **Catalina Island!** It's a place like no other. Only 26 miles across the sea, yet world's apart from the hustle and bustle on the mainland. And there's no better time to experience it than in the wintertime when the crowds are light but the weather is still magnificent! You'll travel to the island via **Catalina Express**, where, on arrival, a tram will transfer your luggage to your hotel which is located right along the waterfront in downtown **Avalon**, within easy walking distance of shops, attractions and restaurants. You'll have some time to settle in before gathering at the **Casino for a guided tour**. The **Catalina Casino** has been the focal point of Santa Catalina Island entertainment and culture since it opened over eighty years ago. Completely restored just a few years back, the ballroom retains its original romantic style -- a lavish medley of rose-hued walls, an arching, fifty-foot ceiling with five Tiffany chandeliers, an elevated stage, raised seating areas around the dance floor, and a vintage, full-service bar in back. A peaceful night's rest is in store at the **newly renovated Pavilion Lodge**. If you've stayed at the Pavilion before, you probably won't even recognize it now after it's complete makeover.

On the second day of your island escape you will begin with **breakfast at the hotel** before you are whisked away on a guided tour of Avalon. The **Avalon Scenic Drive** offers a 50-minute tram tour that takes you along the beach front, up the hillsides and through the heart of the friendly and historic town on Catalina Island. More free time back in the charming town of Avalon rounds out the second day before ferrying back to the mainland.
