

The Circle of Life Tour along the Central Coast

WITH AN OVERNIGHT STAY IN PISMO BEACH

2 Days & 1 Night

Get to know some of California's coastal critters as you spend two days along the Central Coast. You'll see spectacular orange and black **Monarch butterflies** during their annual migratory stopover in **Pismo Beach** and watch the giant **Elephant Seals** on the beaches near **San Simeon**. Throughout the two days, various naturalists will introduce you to the habits and habitats of these fascinating coastal creatures. You'll spend some time shopping and dining in the Danish inspired village of **Solvang** and visiting an **ostrich ranch** and a **miniature horse farm** before heading up to **Pismo Beach** for dinner and an overnight stay at your choice of either the Spyglass Inn or the Cottage Inn By-the-Sea. Both hotels offer sweeping panoramas of the Central Coast. The next morning you'll head up the coast to San Simeon to view the elephant seals. Each year, from November to February, hundreds of female elephant seals come here to bear their young. During winter, visitors flock to this wildlife sanctuary to watch the pups at play. We've also included **ALL your meals** – from lunch at the **Apple Farm** to a **sun-set dinner** in Pismo Beach.

TOUR HIGHLIGHTS

- * One night stay at either the **Spyglass Inn** or the **Cottage Inn By-the-Sea** in **Pismo Beach**.
