**E**xperience Hollywood then and now on our exciting new tour! The day begins with the ultimate Hollywood movie experience at UNIVERSAL STUDIOS! First, go behind the scenes on the legendary Studio Tour to explore where Hollywood movies are made. Experience the largest movie set street expansion in Hollywood history

built with creative consultation by Steven Spielberg. Be immersed in the full backlot experience from the comfort of the studio's new trams with built-in, state-of-the-art HD monitors. The new Special Effects Stage is where you will learn the secrets behind the making of your favorite blockbuster movies. Become an expert in Hollywood movie making as you learn about CGI, stop-motion, motion capture, and 3-D technology. Then, face action head-on in one of Universal's spectacular shows or attractions that put you inside some of the world's biggest movies. You'll have time after for lunch on your own at Universal's exciting CityWalk where you'll find everything from quick bites to a variety of full service restaurants. Later in the day, you'll get a taste of Old Hollywood, and what better place is there to immerse yourself in Hollywood history than at the historically significant EGYPTIAN THEATRE, the home of the very first Hollywood movie premiere? ("Robin Hood" in 1922). You'll take a seat inside the theatre for an afternoon screening of "Forever Hollywood!" Produced by the American Cinematheque, the film celebrates a century of movie-making history and the eternal allure of Hollywood glamour. The unique story of Hollywood, the bountiful farming suburb, turned movie capital of the world, is told through interviews with some of today's best known stars and filmmakers. You'll get an insider's perspective on the glamour and mystique of the most celebrated industry in the world.
