ACADEMY MUSEUM OF MOTION PICTURES

THE ACADEMY MUSEUM OF MOTION PICTURES

Just opened in the fall of 2021, the Academy Museum of Motion Pictures celebrates the art and science of movies—past, present, and future. Its exhibitions and programs convey the magic of cinema and offer a glimpse behind the screen, illuminating the creative and collaborative process of filmmaking. In the Grand Lobby of the Saban Building, visitors are greeted by a soaring, glass-walled gallery and multiscreen experience offering an introduction to the new museum. Once inside the main part of the museum, you'll be immersed in the world of

motion pictures. *Stories of Cinema* is a multi-floor exhibition that connects audiences to celebratory, complex, diverse, and international stories of the people who make motion pictures and the artworks they create. A gallery devoted to *The Wizard of Oz* takes visitors behind the scenes of this classic movie to explore the many disciplines that brought it to life. And you also won't want to miss *The Oscars® Experience (additional cost)*, an immersive environment simulating the experience of walking onto the stage at the Dolby Theatre in Hollywood and accepting an Oscar.
